Dear Sir/Madam

Stanmore Park Motocross Track

I refer to previous correspondence dated 1 December 2011 detailing Council's closure of the above facility.

Please be advised that Council at its meeting of 5 December 2011 resolved that, due to the project risks and costs forcing the Staplyton project to be discontinued, consideration be given to the Stanmore Park Motocross facility being upgraded and reopened for motocross activities at the earliest opportunity.

It is noted that relevant community and amenity based conditions and constraints be applied to the operation at the upgraded facility, and with this in mind officers will consult with representatives of both Gold Coast clubs over coming days in order to resolve a scope of work, timelines and estimated costs in order to progress the project.

The facility is to remain closed until the agreed works are completed however every effort will be made to prioritise works to enable the facility to reopen at the earliest opportunity.

In the interim do not hesitate to contact the writer should you require further information or assistance in the matter.

Yours faithfully

Bruce Flick
